REMARKS

The Examiner has requested election and restriction between Group I, namely FIG. 1; Group II, namely FIG. 2; and Group III, namely FIG. 3. Election was also requested between subspecies relating to the corrugated cross section namely: a) differential wall thickness and b) stiffener. Finally, election was requested between subspecies related to the corrugated shape a) cone shape and b) dish (disk) shaped.

Applicant provisionally elects as follows:

Group I - FIG. 1, claims 1-7, 9-11, 13-16

Subspecies corrugated cross section b) stiffener, claims 1, 5, 6, 7-10, 13-16

Thus, claims 1, 4-7, 9, 10, 13, 14 and 16 are readable on the elected groups and subspecies.

Claim 1 is generic and upon allowance of a generic claim, consideration is to be given to additional species which are in independent form.

The applicant reserves the right to file a divisional application or take such other appropriate measures as deemed necessary to protect the inventions of Groups II and III, and the non-elected subspecies.

Upon examination of the application on this basis, a favorable consideration and allowance of these claims is respectfully solicited

Respectfully submitted,
